BIOGRAPHY

Connie Ramirez is the founder of Across the Table, a Phoenix-based business technology and education company focused on helping entrepreneurs and small-business owners build stronger, more sustainable businesses.

She holds a Bachelor of Science in Finance from Arizona State University and an MBA from the University of Phoenix. With approximately 20 years of experience in information technology, systems analysis, application management, and business operations, Connie combines financial knowledge, strategic thinking, and technology expertise.

As a solo founder, she is developing an interconnected ecosystem of business applications and educational frameworks supporting entrepreneurs from business concept through execution, leadership, marketing, operations, and growth.

Her mission is to make business strategy, practical education, and technology more accessible to entrepreneurs and small-business owners.

ABOUT ACROSS THE TABLE

Across the Table is a business technology and education company developing an integrated ecosystem of applications, frameworks, and resources to help entrepreneurs and small-business owners start, manage, and grow their businesses.

AREAS OF EXPERTISE

Entrepreneurship and Startups

Moving from a business idea to a validated, structured business model.

Artificial Intelligence for Small Businesses

Practical AI applications, opportunities, limitations, and responsible adoption.

Marketing and Business Growth

Customer acquisition, referral strategies, execution, and growth planning.

Solo Entrepreneurship

Building a technology business independently while balancing multiple responsibilities.

CEO Mindset and Strategic Leadership

Helping business owners think strategically, evaluate decisions, and lead with greater clarity.

Business Technology and SaaS

Developing technology solutions that address operational challenges for entrepreneurs and businesses.

Restaurant Technology

Digital menus, customer engagement, guest experience, and restaurant intelligence.
